luisalejandrozamudio@gmail.com

Hi,

My name is Luis-Alejandro Zamudio. I am 24 years old. Have been Category 1 for 6 years. My last race was Tour of Gila last week. My best place in the race was 16th in Stage 4. I ride for Herbalife-La Grange cycling team based of Santa Monica, California. I am chasing most of the NRC races this year so I can get a pro contract for next one. I am very interested in forming part of a composite team for your race, and to being able to compete there. Thank you very much, and have a great week,

All the Best,

Luis Zamudio

Hello,

I am a Cat 1 Canadian Cyclist looking to find a team to race with at the Tour of Toona in
July. I can forward a race resume if needed - at the moment I do not have a team to race
with.

If you could please let me know of any opportunities, or what is needed to assemble a
composite team, that might also be a viable option if there is no space within other teams
to join up.

Thanks in advance for your time, I hope to hear from you soon.

Hi. I'm a local cat 1 working at Blair Orthopedics in Altoona. I'm interested in possibly racing the Tour this year, and was wondering if there were many other riders out there looking for a composite team? I race for DC Velo, and have done the crit here the last couple of years. I got 11th last year, and my teammate made the podium with 3rd, but I don't think he can come unfortunately. My other teammates can't take a week off work, but since I live here I think I could work it out.

I recently won the 1/2/3 race at Ride Sally Ride. I've placed 5th in big crits at Ephrata and Bikejam in Baltimore this year, and ended up 10th on GC at Ephrata. I have 2 other 5th place finishes in crits, and a number of other races done this year so far. Let me know if there are many options for me. Thanks.

Brian Williams

Hi,
I just learned about the guest rider option at Tour De Toona and hope that it's not too late to submit. My name is Brian Williams, I'm a Cat 1 from Missoula, MT racing for the local Northern Rockies Orthopaedic USAC team. I'm 27, which has made it difficult to find a development team to ride for, so I greatly appreciate any opportunity to enter big races. Here are some results from this year. Despite three weeks off the bike in April and May due to a crash, I am still posting results, and after the break am only getting faster each week.

2nd, Mason Lake RR #2 (Seattle, WA, March 13)
2nd, Cherry Blossom Cycling Classic Criterium, (The Dalles, OR, April 1)
6th, Cherry Blossom Cycling Classic Stage 1 RR, (The Dalles, OR, April 2)
1st, Ted Finegold Memorial Criterium (Wenatchee, WA, May 14)
15th, Mt Hood Cycling Classic Time Trial, (Hood River, OR, June 4)

Thanks for your consideration,
Brian
